

Tech Services has created a Harsco background for the iDevices. If you want to add the Harsco background to your device follow the instructions below.

1) In the message you are reading now You will need to **scroll down** to make sure the picture shows up (If it doesn't then click on the attachment to download image to the message) Once you can see the image in the email, select the **Arrow icon** at the bottom (left image below) to bring up the menu that allows you to **Save Image** (right image below). (ipad Image is the Larger image iPhone is the smaller image in the email below).

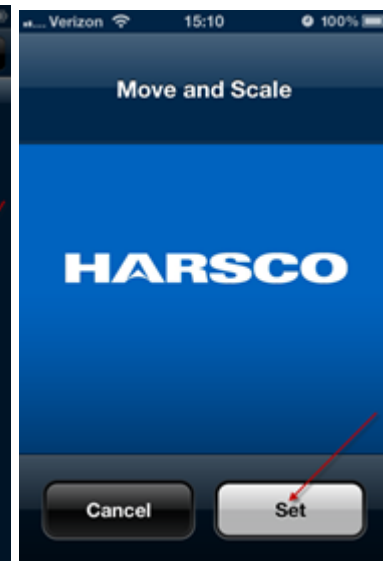

2) Once the image is saved press your **Home** button, open your **Photos** app (left picture below) and go to your **Camera Roll** (middle picture below) then find the **Harsco image** and view it (right image below).

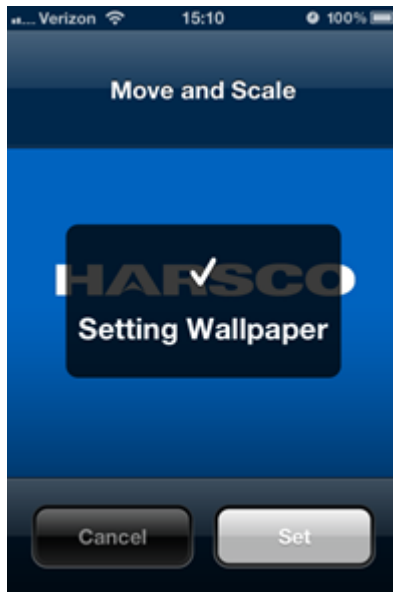

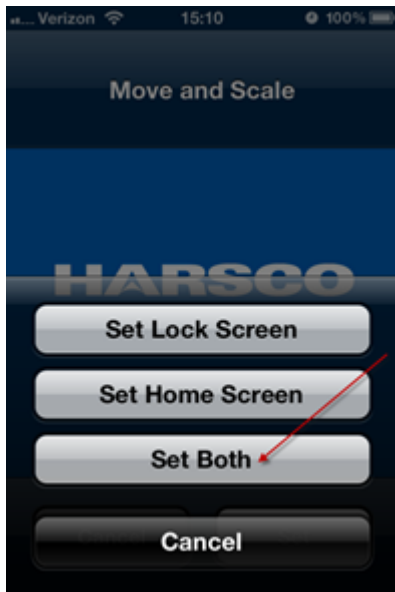

3) Push the **Picture with Arrow** icon in the lower left corner (left image below) to access the menu choices and select **Use as Wallpaper** (middle image below) then select **Set** (right image below).

4) Select **Set Both** (left image below) and once complete (middle image below) press your **Home** button and see that the background has changed to the Harsco one you just set (right image below).

Should you have any questions or require any assistance please place a helpdesk ticket via helpdesk.harsco.com
